

New Product Release

Corvette C5 1/2" Wheel Stud Conversion Kits
 available for immediate delivery

ARP - The World Leader in Fastener Technology has just released two new 1/2" wheel stud conversion kits for Chevrolet Corvette C5 applications. ARP wheel studs are manufactured from premium grade heat treated 8740 chrome moly steel, nominally rated at 200,000 psi tensile strength and cadmium plated for extra durability. These studs are able to easily handle the tremendous acceleration shock loads and lateral forces found in racing applications. Available in both 1.950" UHL (short) and 2.675" UHL (long) and packaged in five-piece packs.

Part No.	Application
100-7730	Corvette C5 1/2" Wheel Stud Conversion Kit Short
100-7731	Corvette C5 1/2" Wheel Stud Conversion Kit Long

ARP products are available worldwide through local distributors
