## New Product Release

### Chrysler 318-440 Wedge Hex Main Bolt Kit

available for immediate delivery

Part No. 140-5003

ARP - The Industry Leader in Performance Fasteners has just released a new High Performance Series Hex main bolt kit for Chrysler 318-440 Wedge applications.

**Part No. 140-5003** - includes a set of ten 8740 chrome moly High Performance Series Hex main bolts, ten premium grade chrome moly chamfered washers and a 1/2 oz. pack of ARP Ultra-Torque fastener assembly lubricant.

ARP High Performance Series bolts are cold forged to ensure molecular integrity, heat treated prior to thread rolling and machining and nominally rated at 190,000 psi tensile strength. Optimum design, enhanced reliability and increased strength are the main attributes of ARP's High Performance Series fastener kits.

**ARP products are available worldwide through local distributors**
