New Product Release

Dodge Cummins 3.9L (4BT) Main Stud Kit

available for immediate delivery

Part No. 247-5404

ARP - The Industry Leader in Performance Fasteners has just released a new Pro Series ARP2000® main stud kit for Dodge Cummins 3.9L 4-cylinder diesel applications

Part No. 247-5404 - includes a set of ten ARP2000® main studs, ten 8740 chrome moly steel 12-Point nuts, ten chrome moly hardened and parallel ground washers and a 1/2 oz. pack of ARP Ultra-Torque fastener assembly lubricant.

All Pro Series ARP2000® studs are centerless ground, heat treated prior to thread rolling and machining and rated at 220,000 psi tensile strength. Optimum design, enhanced reliability and increased strength are the main attributes of ARP's Pro Series fastener kits.

ARP products are available worldwide through local distributors
