

New Product Release

Chevy Gen III/IV LS With .375" Spacer Valve Cover Bolt Kits

available for immediate delivery

ARP - Leading the way in performance fasteners has just released four new valve cover bolt kits for Small Block Chevy Gen III/IV series LS applications with .375" spacers. These bolts are rated at 180,000 psi tensile strength which is substantially stronger than grade 8 hardware. Available in both premium grade Chrome Moly with Black Oxide finish and high strength polished Stainless Steel with 12-Point or Hex head. Kits are packaged in eight-piece packs including washers.
