

New Product Release

Big Block Chrysler 383 - 440 Head Stud Kits For Edelbrock Victor 77919 and 77929 Heads

available for immediate delivery

ARP - The Industry Leader in Performance Fasteners has just released two Pro Series head stud kits for Big Block Chrysler 383 - 440 applications using Edelbrock Victor 77919 and 77929 cylinder heads. These kits are manufactured with premium grade 8740 chrome moly material and available with either Hex or 12-point nuts. All ARP Pro Series studs are centerless ground, heat treated prior to thread rolling and machining and nominally rated at 200,000 psi tensile strength. Each kit includes a 1/2 oz. pack of ARP Ultra-Torque fastener assembly lubricant.

Part No.	Application
